

Faroe Islands

in figures 2019/2020

HAGSTOVA FØROYA

"Faroe Islands in Figures" is a pocket-size statistical summary of the Faroe Islands in tables and graphs. It contains key information about population, labour market, industry, culture, communication, international trade, economics, geography, climate etc.

Furthermore the booklet has an overview of key figures on all the Nordic countries. All the statistics are the latest figures available when published in July 2019. Our statbank is kept updated and might contain newer figures.

A photograph of a diverse group of young adults, mostly young men, walking together outdoors. They are dressed in casual modern clothing like jeans, t-shirts, and hoodies. The scene is festive, with many colorful balloons (yellow, red, blue, green) visible in the background and foreground. The word "POPULATION" is overlaid in large, bold, white capital letters across the center of the image.
